- Advanced funds for five existing GIL investment commitments totaling \$26.5 million.

- Advanced funds for two MRB investment commitments totaling \$6.9 million.
- Made equity investments in two unconsolidated entities totaling \$11.6 million.
- Received proceeds from five Tender Option Bond (“TOB”) financings with Mizuho totaling \$31.0 million, which were used to finance the GIL and MRB investment funding advances noted above.
- Obtained a new line of credit for up to \$40.0 million from two financial institutions secured by the Partnership’s investments in unconsolidated entities and the Suites on Paseo MF Property, a 384-unit student housing community located in San Diego, California. The Partnership had drawn \$6.5 million on the secured line of credit as of June 30, 2021 and proceeds will be used to purchase additional investments and to meet general working capital and liquidity requirements.

In addition, the Partnership reported the following notable transactions in July 2021:

- Committed to fund a GIL investment of up to \$60.0 million and a property loan of up to \$25.5 million for the construction of an affordable multifamily property in Kissimmee, FL. The Partnership initially advanced \$3.0 million of its GIL commitment and \$1.0 million of its property loan commitment, with the remaining commitments to be funded during construction.
- Redemption of two senior MRBs and two subordinate MRBs with outstanding principal totaling \$32.4 million. The senior MRBs were redeemed at a 6% premium to the outstanding principal for premium proceeds of \$1.8 million. The TOB Trust financings associated with the MRBs totaling \$25.7 million were paid off in full at redemption.

Investment Updates and Management Remarks

The Partnership announced the following updates regarding its investment portfolio:

- Properties securing the Partnership’s MRB portfolio have reported average rental collections within 30 days of billing of 93% for May and June 2021 rental payments. Collections data reported by approximately two-thirds of the Residential Properties showed that July 2021 collections averaged 91%.
- The Partnership has received no requests for forbearance of contractual principal and interest payments from borrowers associated with multifamily MRBs and all multifamily MRBs are current on contractual principal and interest payments as of July 1, 2021.
- The Partnership has provided forbearance on its only student housing MRB, Live 929 Apartments in Baltimore, MD. The nearby university, Johns Hopkins University, has announced that it anticipates a broad resumption of on-campus, in-person classes for the Fall 2021 semester, and is requiring all faculty, staff, and students to be vaccinated for COVID-19. The property is approximately 87% pre-leased for the Fall 2021 semester as of mid-July, which is relatively consistent with pre-COVID lease-up history.
- The borrower for the Partnership’s only commercial property MRB, the Provision Center, filed for Chapter 11 bankruptcy protection in December 2020 and continues to work through the bankruptcy process. The property is a cancer proton therapy center located in Knoxville, TN. The Partnership owns approximately 9% of the senior MRBs issued to finance the property and continues to assess forbearance and restructuring options with the other senior bondholders.
- Two Vantage investments, Vantage at Bulverde and Vantage at Murfreesboro, exceeded 90% physical occupancy as of June 30, 2021. Five other Vantage projects are 100 % constructed and currently in the lease-up phase, with all reporting increased occupancy during the second quarter.
- No Vantage project under construction has experienced material supply chain disruptions for either construction materials or labor during the second quarter.

- The Partnership’s two owned student housing properties, The 50/50 MF Property near the University of Nebraska-Lincoln and the Suites on Paseo MF Property near San Diego State University, are leasing for the Fall 2021 semester relatively consistent with their pre-COVID lease-up history. Both properties are meeting all direct mortgage and operating obligations with cash flows from operations.

“The sustained results of our multifamily MRB and GIL portfolios throughout the COVID-19 pandemic put us in a strong position as the U.S. economy continues to reopen,” said Ken Rogozinski, the Partnership’s Chief Executive Officer. “Recent sales of Vantage multifamily investments have generated significant returns and the strong lease-up velocity at those Vantage properties that have completed construction are very encouraging for this segment of our business.”

“We are very pleased with the lease-up activities at our two student housing MF Properties and Live 929 Apartments for the new academic year as the nearby universities work towards full resumption of on-campus, in-person university classes,” said Rogozinski. “We are actively working with the individual property managers to ensure the health and safety of student tenants as they return to campus this fall.”
